It was MOVED by Burgess, SECONDED by Nickel, to read Resolution Number 13-1980 (A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MILWAUKIE, OREGON, SUPPORTING "LIFELINE" ELECTRIC RATES) by title only. It was Council consensus to change the word "encourages" in the third line of the third paragraph to "urges," and to change the word "company" in the third line of the fourth paragraph to "parties." MOTION CARRIED unanimously by those present. It was MOVED by Ewald, SECONDED by Nickel, to adopt Resolution 13-1980. Various representatives of Oregon Fair Share spoke in support of the resolution. MOTION CARRIED unanimously by those present.

STATE ACCIDENT INSURANCE FUND RATE REFUND

Nancy Cogar, representative of State Accident Insurance Fund, explained refund of \$28,551, and expected dividend of approximately \$14,500 in June, based on the city's individual record of controlling claim costs, having elected to change to a partially self-insured accident insurance program.

AUDIENCE PARTICIPATION

1. Bill Hupp, 2929 SE Washington, presented a memo to City Council concerning waterfront park adjoining sewage treatment plant. It was Council consensus that the Public Works Director be authorized to enter into negotiations with the county relative to the suggestions made by Mr. Hupp for city use of the area as a park. The memo will be forwarded to the Parks and Recreation Commission.
2. James Backenstos, 3626 SE Harrison, said he feels the contract in the amount of approximately \$7000 for cleaning up city parks after the storm is in violation of Chapter 9, page 16 of the City Charter. Mr. Backenstos also said he would like the speakers in the hall turned on and the fire code relative to seating capacity enforced in the Council Chambers. He also asked for a report on what storm damage clean-up cost the city.

STREET AND STORM SEWER BOND ISSUE COST ESTIMATE

Public Works Director has sent memo, dated February 12, concerning street/storm bond issue estimated costs, totaling \$12,392,500. Manager suggests a work session to discuss the matter in detail. There was discussion of the possibility of forming a storm drainage utility to provide for the ongoing maintenance costs and the beginning of a depreciation/replacement reserve account, as suggested by the Public Works Director. Burgess requested information on the bond issue and a storm drainage utility be given to the Budget Committee as well as the Council. Mayor asked that the possibility of federal funding be looked at, as well as whether or not to include contingency funds in the bond issue.

UTILITY RATE REQUESTS

This matter was tabled at the last Council meeting. Finance Director has sent memo, dated January 31, concerning utility rate requests, saying about a year ago the Council authorized the concept of a three-year series of small increases in utility rates. Council agreed, but asked staff for a detailed analysis after which a public hearing will be held.

PROFESSIONAL SERVICES - TELEMETRY DESIGN

Public Works Director has written memo, dated February 13, concerning professional services for telemetry design. Manager and Public Works Director recommend STRAAM Engineers, Inc. be retained for this work. Proposals for engineering services were requested from four firms. Burgess questioned whether the city could legally retain a firm without going to bid. It was MOVED by Ewald, SECONDED by Nickel, that the Public Works Director be authorized to negotiate a contract with STRAAM Engineers, Inc., for design of telemetry for four sanitary sewage lift stations, subject to approval of the City Attorney. MOTION CARRIED unanimously by those present.

BUDGET SCHEDULE

Finance Director has developed schedule for budget hearings, publications, etc., in order to comply with legal requirements.

M.F.O.A. CERTIFICATE OF CONFORMANCE

Finance Director has sent memo, dated February 13, concerning Municipal Finance Officers Association Certificate of Conformance. The city has been advised that in the future, the certificate will not be issued to districts lacking fixed asset records, which is the case with Milwaukie.

MEMO RE AUDIT REPORT COMMENTS

City Manager has written report, dated February 15, on audit report comments. It was MOVED by Ewald, SECONDED by Manuel, that the \$28,000 refund from State Accident Insurance Fund (mentioned earlier in these minutes) be applied to update the city's engineering records and provide for accurate current listing of fixed assets. It was noted that city staff is currently in the process of upgrading the engineering drawing data base, which will take a minimum of one year. It is impossible to have accurate fixed

asset records without first updating the engineering data base. Using the refund would allow contracting with an outside professional firm to shorten the process.

Mayor asked staff to find out from M.F.O.A. if a qualifying city that has the certificate and can demonstrate a timetable for attaining the fixed asset records, could maintain the certificate based on that timetable.

It was MOVED by Ewald, SECONDED by Nickel, to amend the motion to add the \$14,000 that may be forthcoming in June from SAIF, if needed. MOTION FAILED to pass with the following roll-call vote: AYES: Nickel and Ewald. NOES: Burgess and Manuel.

Manager requested that reference to change in Supervising Accountant salary be deleted from the proposed resolution, because of previous Council action this evening. It was MOVED by Ewald, SECONDED by Nickel, to read Resolution Number 14-1980 (A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MILWAUKIE ADOPTING A SALARY RANGE FOR THE POSITIONS OF ASSISTANT PLANNING DIRECTOR AND PUBLIC WORKS DIRECTOR, AND AMENDING RESOLUTION 33-1979) by title only.
