At a regular meeting of the Board of Commissioners on the date set above at which time were present Chairman Chas D. Bailey and Commissioners F. E. Knight and R. F. Brennan, the following business was transacted.

Dan Cowee, Planning Director, and Jim Richards, Subdivision Coordinator met with the Commissioners to discuss the matter of the Bogard and Goodspeed subdivisions at Cape Meares. Surveyor John Carlich came in, and the matter of Mr. Bogard's petition to vacate streets in Long Beach Subdivision was discussed. Some deficiencies in present streets in the area need correcting before any action is taken on Mr. Bogard's request.

Mr. Shook from Netarts inquired about vacating Spencer Street in Bishop's subdivision. Inasmuch as Bishop's subdivision was never dedicated, the county has no authority over the streets therein.

Fire Chief Steinback requested some river-run rock for the rural fire protection district.

Basil Edmunds discussed the matter of arranging a meeting of the Ports of Tillamook and Bay City and the Commissioners to discuss the need for requesting the engineers to provide money for the completion of the South Jetty.
