

Council sets bond measure for May 2014

City Council directed staff at its July 16th Work Session meeting to place a bond measure on the May 2014 ballot that, if passed, would collect revenue to preserve the City's core service and save tax dollars over the long-term by paying off the City's obligation to TriMet for capital improvements associated with the Portland - Milwaukie Light Rail Project.

Council is also considering adding other community service initiatives to the bond measure, including a Ledding Library expansion, construction of four Neighborhood Parks, and the completion of Milwaukie Riverfront Park.

Bonding the project would allow the City to borrow money at today's low interest rates and extend its payments to TriMet to ensure future residents who will benefit from the service can also contribute. A bond covering the light rail obligation would cost the owner of a \$200,000 home about \$38 a year.

Council will conduct more research and outreach to determine what the composition of the bond will be, and staff will make regular reports on the effort at City Council meetings leading up to the election.

City posts Ledding Library 'webisodes'

"What You Can Do With Your Library Card" is a new video series on Milwaukie's website that aims to show patrons all the services and information that can be accessed with a library card.

The first webisode - about 4:30 minutes long - covers the basics: how to register, access your online profile, review your checked-out and overdue items, and how to renew items. Visit the City's website at www.MilwaukieOregon.gov to check it out.

• MILWAUKIE'S LOCAL LEADERS •

Seeing it through

They say time is relative. For Lindsey Gotter, who's 10 years old, a "full school-days-worth" of time is a lot. That's the amount of time she and the six other girls of Girl Scout Troop 42610 spent going door-to-door to collect some 2,000 cans and bottles and then sorting and putting them into machines to raise more than \$100 for Milwaukie's K-9 unit.

Lindsey's Mom, Kim, is the Troop Leader, and she remembered reading the story of Milwaukie's K-9, Jag, passing away from cancer, and the subsequent fund-raising efforts to support the K-9 program from a note sent out by Sue Richardson, a member of Milwaukie's Public Safety Advisory Committee. Kim says the scouts of Troop 42610 rallied behind the cause.

"When they heard the dog had passed away, that really meant a lot to the kids," Kim said. "They really wanted to do something and make a difference."

Kim said having the girls identify a cause, develop a plan to support it, carry it out, and then hand a check over to Milwaukie's K-9 officer Les Hall (above), will serve as life lessons for the scouts.

"That was a key motivating factor - to see it all the way through, which is hard for kids today."

Light Rail work calls for two more closures

So construction crews can install a new storm-water line, light rail tracks and heavy rail tracks at the Monroe Street rail crossing in Downtown Milwaukie, the portion of **Monroe between 21st and 25th Avenues** will be closed **Mon., Aug. 5th through Sun., Aug. 25th**.

Safety improvements made at this crossing and other Downtown rail crossings as part of the Portland - Milwaukie Light Rail Project will enable the

PLEASE SEE CLOSURES ON PAGE 2

Realizing Riverfront Park

This month's Councilor Column is written by Mayor Jeremy Ferguson. To contact Jeremy, call (503) 786-7513 or email fergusonj@milwaukieoregon.gov.

Back in 1998 the City identified the riverfront park as a priority project. In the last couple years Council has rated the park as a top priority and we are starting to see things take shape.

At the end of the year in 2012, we saw the opening of Klein Point on the north end of the park through the help of funds received by Metro and a generous land donation by the Klein family.

This year we applied for two grants and asked for matching funds from the Kellogg Good Neighbor fund to build a trail, boat ramp, restrooms, parking and to relocate power poles. We were successful and will receive funds from the Oregon Marine Board and Oregon Parks and Recreation. We now have approximately \$2.5 million to get Milwaukie Riverfront Park underway.

By the end of next year we will have a re-contoured park, pathway by the river, a new boat launch, two parking areas and other amenities.

We still have a ways to go to finish the park, but we are getting there. So far the park is really turning into a regional partnership and I'm sure folks from all over will see this as an attraction and come visit our City.

We still have a ways to go. There's a capital campaign to help raise the money needed to complete the middle section of the park. Know a business that wants to sponsor a community space or a person that would like to see a playground at the river? Let us know, we want to make this YOUR park.

For more information on the capital campaign and to see updates on the project, visit www.milwaukieoregon.gov/communitydevelopment/riverfront-park, or contact Parks & Sustainability Director JoAnn Herrigel at 503-786-7503 or at herrigelj@MilwaukieOregon.gov.

Ventriloquist magician & Leapin' Louie at Library

Two great programs highlight the August slate of Ledding Library's offerings for children!

Since the age of twelve, Magical Ventriloquist Steve Taylor (right) has performed shows in libraries. In fact, he learned to do magic and ventriloquism as a kid from books he read from his own neighborhood library!

Since then, he has performed thousands and thousands of reading-motivation programs in libraries across the United States. Steve will be at the Ledding Library on Tues., Aug. 6th at 2 p.m.

David Lichtenstein specializes in western comedy shows featuring his comedy character, Leapin' Louie. He is a master of physical comedy, trick roping, fancy whip cracking, juggling, unicycling; a virtuoso of new vaudeville and alternative circus.

Leapin' Louie will perform in Scott Park next to the Library on Tues., Aug. 13th at 2 p.m.

Both programs are free and are paid for by the Friends of Ledding Library.

BE PREPARED

Did you know that cooking is the leading cause of home fires and fire injuries in the U.S.? Remember not to use water to put out a grease fire on your stove top or grill. ONLY use baking soda, a tight lid, or a fire extinguisher.

Do you have smoke alarms up-to-date and functioning in your home? Create a 'Home Escape Plan' including at least two escape routes and have a safe place to meet after evacuation. Stay safe!

CLOSURES FROM PAGE 1

City to enact its Quiet Zone, which will silence light rail and freight train horns as they pass through town, except in cases of emergency.

Local access to businesses and residences within the closure area will be maintained at all times. Construction

work hours are 7 a.m. to 7 p.m., Mon. through Fri., 8 a.m. to 5 p.m., Sat. and Sun. The closure will be in effect at all hours.

McLoughlin Boulevard will be closed between SE Washington Street and SE River Road from 10 p.m., Fri., Aug.

16th to 5 a.m., Mon., Aug. 19th, so crews can place the large steel girders for the light bridge that will span 99E.

For detour information, please visit the City's website at www.MilwaukieOregon.gov. TriMet's construction emergency hotline is 503-962-2222.

Building Milwaukie

Updates on projects from the Community Development Department

Good News about Grants for Riverfront Park

The Oregon Marine Board has awarded the City a grant of \$1.2 million (with a local matching contribution of \$1 million from the Kellogg Good Neighbor Fund) to build a new boat ramp, parking for trailers and cars and a restroom in Milwaukie Riverfront Park.

The City received a second grant from the Oregon Parks and Recreation Department for Milwaukie Riverfront Park construction. This grant, for \$220,000, will help construct a pathway, install plantings along the river bank, and re-grade the northern portion of the park property. Construction will begin in June 2014.

Transportation System Plan (TSP) Update

Work is proceeding on the update to the City's Transportation System Plan. A report summarizing the results of a public meeting held on June 3rd is now available for review on the City's website. A big thank you is due to everyone who attended this meeting and contributed their ideas. Staff is preparing a draft of the updated TSP for public review, which will be available in early to mid-August. Two public Open Houses are being planned, one in late August and the second in early September. After those meetings, the adoption process is expected to start, with Planning Commission formal review in September and City Council consideration in October or early November.

Tacoma Station Area Plan Adopted

The City Council adopted the Tacoma Station Area Plan (TSAP) in early July. The plan covers the area near the future Tacoma Street Light Rail Station, scheduled to open in 2015. The plan allows new land uses in this manufacturing area, focusing on office and commercial uses to increase the number of jobs that are accessible from light rail. It also identified transportation projects that can increase pedestrian and bicycle access to and from the station.

Center has much to offer

Visit your community Center in North Clackamas Park – The Milwaukie Center. They offer classes, workshops and services for all ages!

The Center currently has more than 40 classes catering to preschoolers, children, adults and seniors – including robotics, video game making, yoga, aerobics, oil painting, woodworking, and lots, lots more.

Besides nutrition programs such as MealsOnWheels, the Center has room for you and your friends at Pete's Café every week day, offering homemade soups, salads, and sandwiches at very reasonable prices. The Center also offers Zumba In The Park (above) on Fri., Aug. 16th, 6:30 to 8:30 p.m. in its Rose Garden. All ability levels are welcome. \$5 fee.

Call the Center at 503-653-8100 for more information.

NDA handbook online

Are you interested in knowing more about how Milwaukie's seven Neighborhood District Associations (NDA's) function?

Or maybe you are already involved with your NDA and want to get some tips and fresh ideas? Check out the NDA Training Manual posted on the City's website! (Enter "NDA Training Manual" in the website's search bar), You'll find City information, best practices, land-use law basics, tips and examples of projects and outreach done by Milwaukie's NDA's and more.

Help shape Milwaukie

The most direct way to influence the direction of your City is to serve on one of Milwaukie's citizen advisory boards.

Currently there are three openings and City Council encourages civic-minded residents to apply for one of the current vacancies on the Parks & Recreation Board, the Public Safety Advisory Committee, and the Arts Committee.

For more information about the responsibilities of these positions, and the requirements of each, please visit www.MilwaukieOregon.gov/Volunteer.

VISIT DOWNTOWN MILWAUKIE
EAT! SHOP! PLAY!

BIKE MILWAUKIE

3rd Annual Harvest Ride: A Bike Tour of Local Farms and Gardens

Sat., Aug. 24th, 9 a.m., City Hall

A tour of small local farms and gardens. The ride will take about 3 hours and cover about 8-10 miles, and end back at City Hall.

Visit www.bikemilwaukie.com for more details.

WPA monuments in Milwaukie

Written by Greg Hemer of the Design & Landmarks Committee

In Milwaukie the remnants of the Works Progress Administration (WPA) is what we see, drive by and on, drink, shower, stand in line at, view sculptures, and attend, or have attended, school.

Our first public water well, piping, and City Water Works was funded by the WPA, along with street improvements better connecting us to Superhighway 99. We have two institutional buildings. City Hall (the last WPA project to be administered), and Milwaukie Junior High School, currently the Waldorf School, (the first Junior High was removed to build City Hall). Both of these buildings are registered Milwaukie Significant Historical Properties and are cornerstones of our City's growth, education, and involvement. President Roosevelt would be proud to see each building, still to this day, as monuments for his expectations.

City of Milwaukie never passes up a reason to party (even belated)! Attend the City Hall 75th Anniversary Jubilee Event, Sept. 6th, from 5 to 6 p.m., and learn more history, eat cake, see a car show, music, and listen to current and former Mayors and Councilors spin tales of yore, and then stick around for First Friday!

Garden seeking sculptures

Milwaukie's Arts Committee, known as "artMOB," is seeking submissions for the fourth round of sculptures to be featured in the City Hall Sculpture Garden from September 2013 to August 2015.

The deadline to apply is Aug. 16th, by 5 p.m. artMOB is seeking sculptures that reflect "People," and works should represent people, humans, families or the artist's interpretations thereof.

For more information, visit the City's website at www.MilwaukieOregon.gov.

Save this date

In 2013 Milwaukie's City Hall celebrates 75 years of public service.

A celebration of the building's seven-and-a-half decades of serving the citizens of the "Dogwood City of West" is planned for Fri., Sept. 6th, from 5-6 p.m.

The festivities to mark City Hall's diamond jubilee will coincide with First Friday activities along Main Street.

Check out the City's website and next month's issue of *The Pilot*, and the article to the left, for more details.

The City Code Corner

Written by Tim Salyers, Code Compliance Coordinator

August is the time when we see a lot of garage sales and recreational vehicles around town.

You should be aware that our code prohibits the parking of motorhomes, travel trailers, and boats in the right-of-way, which includes the street and the gravel shoulder or our streets. Please park these vehicles in your driveway, even if you are just loading it up with supplies before you head out of town.

Garage sales are okay in the City as long as they do not exceed 72 hours and aren't held more than twice in a calendar year. Also, please do not put signs for the sale in the right-of-way or on utility poles - that's a violation of our Sign Code. If you have questions, please call me at 503-786-7409. Enjoy the rest of your summer.

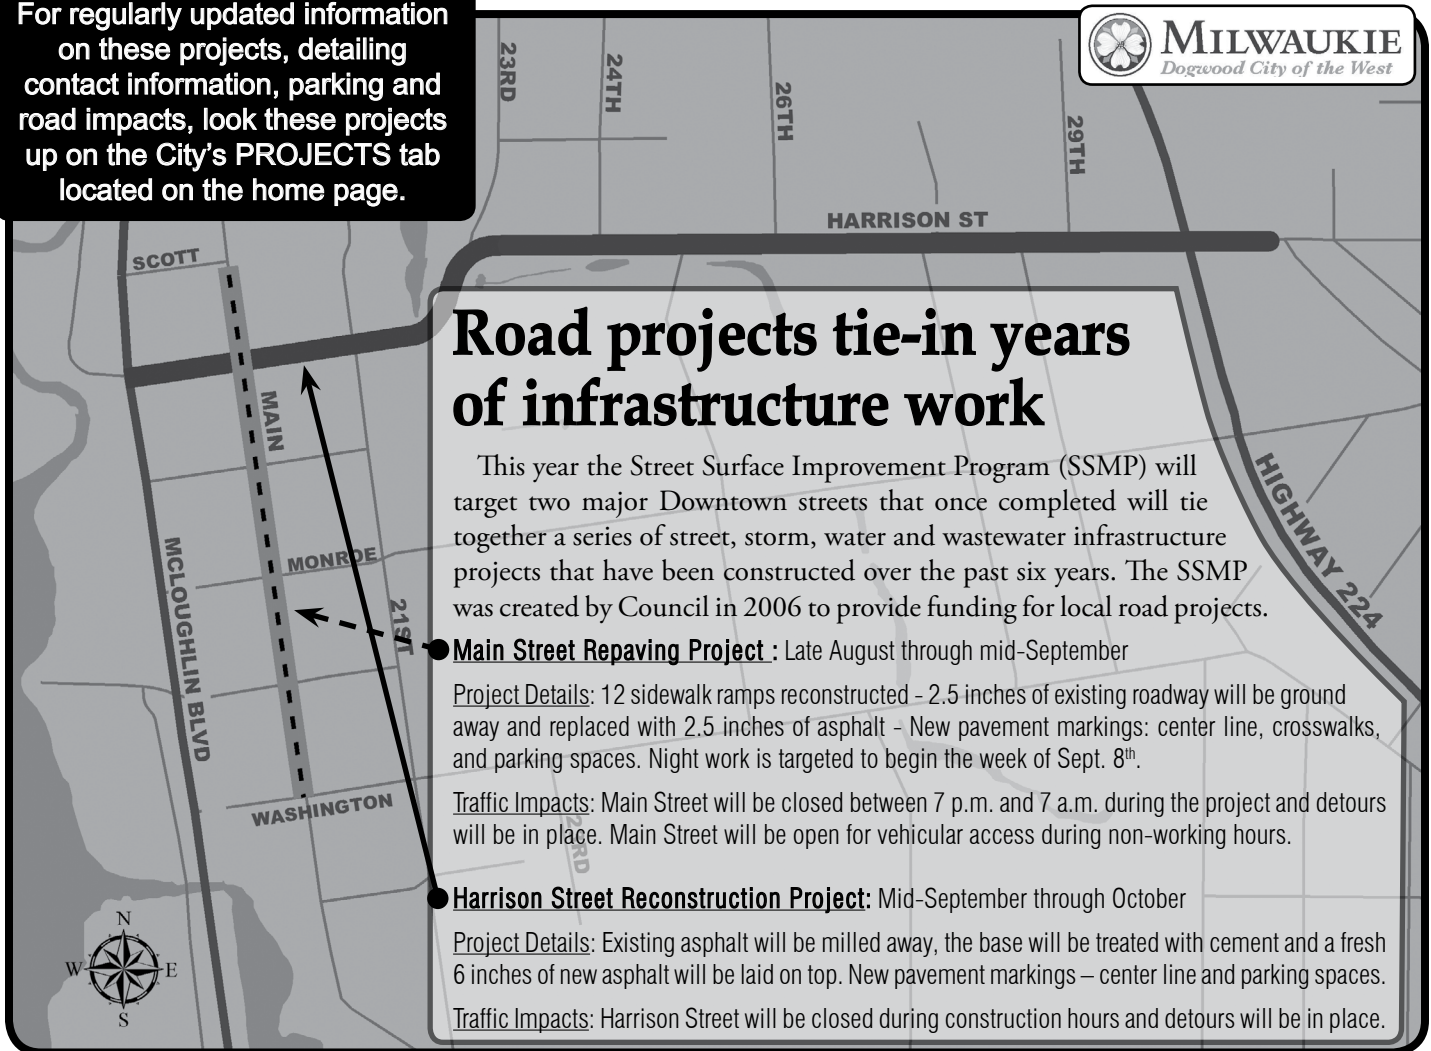

The Chief's Corner

Written by Bob Jordan, Chief of Police

The month of August is a great time to take a vacation and many of our residents do exactly that.

Unfortunately, it is also a time that the Police Department traditionally sees an uptick in the number of residential burglaries. In addition, the City has a number of residential properties that are vacant pending a foreclosure or traditional sale. No one knows your Neighborhood better than our own residents. So if you see unusual activity around a vacant home or someone suspicious in your Neighborhood, do not confront them yourself, rather, contact the Police Department at 503-786-7500. We will be happy to check out the situation for you. This will help us keep our Neighborhoods and our residents safe. Thanks.

For regularly updated information on these projects, detailing contact information, parking and road impacts, look these projects up on the City's **PROJECTS** tab located on the home page.

Road projects tie-in years of infrastructure work

This year the Street Surface Improvement Program (SSMP) will target two major Downtown streets that once completed will tie together a series of street, storm, water and wastewater infrastructure projects that have been constructed over the past six years. The SSMP was created by Council in 2006 to provide funding for local road projects.

● **Main Street Repaving Project :** Late August through mid-September

Project Details: 12 sidewalk ramps reconstructed - 2.5 inches of existing roadway will be ground away and replaced with 2.5 inches of asphalt - New pavement markings: center line, crosswalks, and parking spaces. Night work is targeted to begin the week of Sept. 8th.

Traffic Impacts: Main Street will be closed between 7 p.m. and 7 a.m. during the project and detours will be in place. Main Street will be open for vehicular access during non-working hours.

● **Harrison Street Reconstruction Project:** Mid-September through October

Project Details: Existing asphalt will be milled away, the base will be treated with cement and a fresh 6 inches of new asphalt will be laid on top. New pavement markings - center line and parking spaces.

Traffic Impacts: Harrison Street will be closed during construction hours and detours will be in place.

City to slurry-seal streets

In July the City's Streets Department crack-sealed streets in the Linwood and Lewelling Neighborhoods so that in August they could be slurry-sealed, a process that will leave seven miles of roadway looking brand-new.

This type of treatment will prolong the roadways' lives at a cost significantly lower than a replacement project later down the road. Residents and businesses in the work areas will be alerted before the work begins, as access will be limited during the work. For more information, please contact Brad Albert at 503-786-7609 or albertb@milwaukieoregon.gov.

Sidewalk ramps repaired

A \$132,000 grant from Clackamas County will allow the City to reconstruct about 50 sidewalk ramps throughout the City so that they are in compliance with the Americans with Disabilities Act.

Ramps near City facilities and on Main Street will be targeted in this first phase. The effort is part of a long-range plan to bring all of the City's sidewalk ramps into compliance.

For more information, please contact Brad, info. above.

City close to quieting train horns through town

In August City Council is expected to award the contract for construction of the safety improvements at the 37th Avenue and Oak Street rail crossing that will allow the City to enact its Quiet Zone designation to quiet train horns on the Union Pacific (UP) Railroad.

Work at these crossings includes adding traffic islands and raised curbs that create barriers in order to prevent vehicles from crossing over the center lane to avoid the railroad crossing arms. Construction will take place in September and October. Traffic impacts will include single-lane closures with the use of flaggers.

The Quiet Zone is hoped to be in place by the end of 2013, and then trains on the UP line would only sound their horns in cases of emergency. The City has constructed the required improvements at two other UP crossings in town to allow the Quiet Zone to be enacted.

The Portland - Milwaukie Light Rail project is building Quiet Zone-ready crossings on the Tillamook Branch so that all trains will not be required to sound their horns when traveling through Milwaukie.

Each Neighborhood Association has a Land Use Chair monitoring applications the City receives. To help track the process, these are upcoming Land Use/Development Review hearings, and Planning

Commission (PC) Agenda items. Dates are subject to change. Check the City's website for details.

- August 13 - PC Meeting - Education / Training Session
- August 27 - PC Meeting - Prep for TSP Update adoption

➔ HECTOR CAMPBELL ➔

NEXT MEETING INFORMATION: SUMMER PICNIC!

LINDA HEDGES, SECRETARY

Neighbors who live or own a business within Hector Campbell's boundaries between 37th Avenue on the west, Railroad Avenue on the south, Wood Avenue on the east and King Road on the north, are invited to the fourth annual Campbell Neighborhood Association picnic on Monday, Aug. 12th, from 6 to 8 p.m. on the north upper field of Campbell Elementary School.

Hot dogs, potato salad, watermelon and potato chips will be on the menu. A variety of raffle prizes will be given away, including a rain barrel and a basket of local produce from the Campbell Community Garden, and we'll have a face-painter for the kids just like last year.

A postcard with details will arrive in the mail soon but Hector Campbell neighbors can call to reserve places for

all your family members by leaving your name, address, number of adult and child attendees and your email address on the Neighborhood District Association phone at 503-682-1826.

HISTORIC MILWAUKIE

NEXT MEETING INFORMATION:
AUG. 12, 6:30 P.M., POND HOUSE
WRITTEN BY JEAN BAKER, COCHAIR

This will be a summer to remember. Flaggers, trucks, noise, steel plates, missing embankments, mountains of dirt and rock, missing trees, new street lights, water pipes, loaders, repaired sewer pipes, new sidewalks, street surfaces, and then ... light rail and hopefully, an end to the loud, moaning freight train horns as they lumber through our Neighborhood.

Change will continue. The post office will lose its front-door parking; trucks from the lumber yard will struggle to get around new concrete road dividers required to make a rail 'Quiet Zone' possible. Some homes may be replaced by a large building behind Milwaukie Lumber. Nothing on the south end of

town will look the same. Now is the time for photos of 'back when'.

Our NDA opposes tall, high density development in the south downtown as being out of scale and over what is projected to be needed in the region's 2035 plan.

The City is updating its Transportation System Plan - and they listened to the NDA's and residents who expressed their opinions. AND residents convinced TriMet not to close the north Main Street Park & Ride lot. Yeah team!

Our Neighborhood Association is seeking a grant to buy a pickup to assist in building our community through special projects for seniors, cleanups, beautifications, and community gardens and to assist low-income people with special needs. Volunteers needed!

And finally, big THANKS to the City for the new NDA training manual. See page 3 for more details.

LEWELLING

NEXT MEETING INFORMATION:
SUMMER CONCERTS!

The tremendously popular Lewelling Neighborhood Concert Series returns for another season at Ball-Michel Park, located at the corner of Stanley and Willow Streets.

Come down every Wednesday in August at 6:30 p.m., and bring a couple cans of food for the local food bank, and enjoy some great free music in the park!

August 7th - Stolen Sweets - 30's Swing

**August 14th - Norman Sylvester -
Rhythm & Blues**

August 21st - Ivan McFeron - Folk Rock

**August 28th - Rich Layton and the
Troublemakers -
High Octane Honky-tonk**

→ ARDENWALD/JOHNSON CREEK ←

NEXT MEETING INFORMATION: SUMMER CONCERTS!

WRITTEN BY BRYAN DORR, SECRETARY

We hope you are enjoying the nice summer weather we've been having! Our next regular Neighborhood meeting is Tues., Sept. 10th, at Ardenwald School at 6:30 p.m.

The Summer Concerts are going on every Thursday in August from 7 p.m. to dusk, except Aug. 1st when our National Night Out event starts at 6 p.m. Food and beverages will be available for purchase and there will be raffle prizes at each concert. The lineup for 2013 is:

August 1st - Eric Tweed & The Devil's Advocate - Blues and Soul

August 8th - Tim & Jim - Acoustic Power Duo

August 15th - Boy & Bean - Swing/Jazz Trio

August 22nd - Gravy - Funky Blues Soulgrass

August 29th - Aaron Meyer & Tim Ellis - Concert Rock Violinist

The Johnson Creek Watershed Council Creek Cleanup is on Sat., Aug. 24th at Mill Park (SE Linnwood Ave. & SE Overland St.) from 9 a.m. to noon, and there will be a barbecue following the cleanup. To RSVP email amy@jwc.org or call 503-652-7477. More information is available online at www.jwc.org.

ISLAND STATION

NEXT MEETING INFORMATION: SUMMER PICNIC!

WRITTEN BY JOANNE BIRD, CHAIR

Our picnic will be held on Aug. 17th from 5 to 7 p.m. This is the weekend that McLoughlin will be closed north of us to place the steel girders for the light rail bridge. We thought it would be a good time to stay home and have a picnic. We've also placed it a little later in the evening in the hope that it will be cooler.

The Neighborhood Association will provide fried chicken, a couple of salads and drinks. Neighbors whose last name starts with A-O, please bring a side dish. Neighbors whose last name begins with P-Z, please bring a dessert.

To reduce the amount of garbage, we are asking people to bring a mess kit or personal picnic gear. There will be disposable items available if for some reason a mess kit is forgotten or unavailable. This has worked very well for the past couple of years - we've only had a half-bag of garbage at the end of these events.

Come and join-in the fun, meet your neighbors, have your face painted and relax on our 'weekend-in.' There is no regular meeting this month in lieu of the picnic.

LAKE ROAD

NEXT MEETING INFORMATION: NO AUGUST MEETING

WRITTEN BY VINCENT ALVAREZ, VICE CHAIR

Not much to report as there hasn't been a Neighborhood meeting since May, so here's a recap of some items that have been mentioned before, but bear repeating.

Check out the site for the new Lake Road Park at the corner of Bowman and Brae Streets. Keep thinking of names for this park, as the Neighborhood Association will take up the discussion this fall.

Don't forget about the following road closure, due to light rail construction. (See story on page 1). This closure will detour traffic onto Lake Road. Might be a good time to take a vacation ... or another one.

The local Buying Club will be posting some bulk purchases soon. Email Milwaukiecoop@gmail.com if you're interested in purchasing blueberries, olive oil, sauce tomatoes, honey and peaches at bulk prices.

Good news. It looks like Clackamas County is seriously thinking of dropping the Sunnyside Road Extension that would have blasted through the Three Creeks Natural Area. Cannot quite declare success yet, but it is looking good.

Have you noticed the new LED street lights going up around town? They look great, have a whiter light, and seem to put more light where it is needed. Several people in the City have been working towards this. Engineer Manager Jason Rice and City Councilor Mark Gamba both had a hand in this.

Don't forget about the First Friday event on August 2nd. These have really been great this summer.
