

## • MILWAUKIE'S LOCAL LEADERS •

### *Creating community natural spaces*

Zach Perry is the Reed Canyon Restoration Manager. A title that scarcely describes his duties or the beauty of the 28-acre natural area that lies in the heart of the Reed campus that he cares for.

With its spring-fed lake and ponds, lush trees and vegetation and well-maintained trails, Zach has transformed this place over his past 16

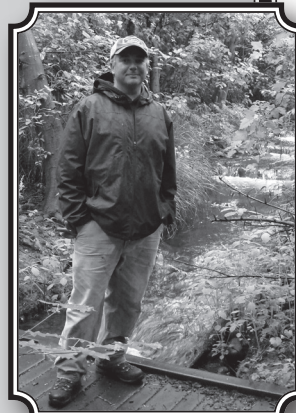

years at Reed and created a natural place for people to come together and enjoy.

Zach is bringing that same attitude and expertise to his Linwood Neighborhood, where he is volunteering his professional services to update the Wichita Park Master Plan so that is ready for construction.

Now Zach, who moved to

Milwaukie five years ago with his family, is co-chair of the Neighborhood Association, and he

said he'll focus his energies on creating more community spaces "for people to meet and greet" and creating a more walkable Milwaukie.

## Newsletter returns to spread the word

The *Milwaukie Pilot* is back in its printed and mailed form to deliver news about what's going on in the City, its Neighborhoods, and the region.

City Council decided to restore the mailed newsletter so that all residents and businesses can learn more information, and how to influence, City policy, projects, and to gain input on the tough budget decisions that lie ahead.

This new version is a lower-cost version than what was previous in place, and features two more pages of content.

Those with suggestions for improving this tool are encouraged to call 503-786-7503 or email [wheel-erg@ci.milwaukie.or.us](mailto:wheel-erg@ci.milwaukie.or.us).

## Construction project information on web

With the construction of Portland-Milwaukie Light Rail, and the utility and streets work the City is conducting in order to capitalize on light rail's public improvements and to consolidate impacts over the long-term, much of Downtown is under construction.

The impacts are significant, but TriMet and City of Milwaukie staff are regularly updating information regarding the status of these projects to help people navigate, and understand, the construction. To learn about City projects, in and outside of the Downtown, click on the "Projects" tab on the City's homepage. To learn the latest about Light Rail visit the TriMet's project page at [www.trimet.org/pm](http://www.trimet.org/pm).

## A road map to a "fresher" Downtown

A group of PSU graduate students will present the City Council the "Fresh Look Milwaukie: Downtown Road Map" - a series of recommendations to bring long-standing plans into alignment with current community goals - at the June 4<sup>th</sup> Regular Session Meeting.

The recommendations come after learning the perspectives

of more than 300 community members interested in building a stronger Downtown Milwaukie. ALIGN Planning's five recommendations are:

**1. Protect & Enhance Shared Community Values - Craft policy that ensures community values play a significant role in**

PLEASE SEE REFRESH ON PAGE 2

## They're back & hard choices

This month's Councilor Column is written by Council President Dave Hedges. To contact Dave, call (503) 786-7512 or send him an e-mail at [hedgesd@ci.milwaukie.or.us](mailto:hedgesd@ci.milwaukie.or.us).

It went away due to budget restraints, and also because we thought the printed Pilot wasn't read very much. However we have heard what you had to say both at Neighborhood Association meetings and comments to City Hall. So it is back with 10 printed editions each year as before, with thanks to the City Manager who has managed to save the money needed for The Pilot elsewhere in the budget.

Also welcome home to the Mayor. Hope you enjoyed your trip and refreshed your batteries. I can't tell you how many people asked me where you were!

Over the coming months we have some hard choices to make. The commitment a few years ago to fund the light rail project with \$5 million is now a burden to the City. Fortunately we managed to negotiate a payment deal with TriMet, but we have had to be very selective filling staff vacancies, and find other savings, to make the first two payments.

Over the next few weeks some of you may be contacted to complete a survey to help the City decide how it will fund the future TriMet payments. Please take the time to respond and give your opinions. It is important the Council understands how you want these payments made by raising new revenue, for example with a bond measure, or by continuing the cuts to services. As TriMet has clearly demonstrated with Clackamas County, they are prepared to resort to the courts to enforce agreements.

It is also important that if you opt to not raise new revenue and want services cut, you tell us which ones you are prepared to accept being cut. It is your City and we represent you. In order to do so you have to give us some guidance, and tell us what services you consider reasonable to cut, and which you don't.

## Help the City bloom

This last year, community members contributed over 70,000 hours and more than a million dollars in value volunteering with the City! Milwaukie's volunteers truly make the City bloom.

Numerous studies have shown that people who do volunteer work for two or more hours a week have lower rates of depression and heart disease, live happier, more fulfilled lives and even have improved brain function. Volunteering has also been shown to boost your career prospects.

Volunteering on a committee is one way to have a say in the future of our community. The following have openings until filled:

**Arts Committee (right),  
Citizen Utility Advisory  
Committee, Design and  
Landmarks Committee,  
Public Safety Advisory  
Committee**

Visit [www.  
CityofMilwaukie.org/  
Volunteer](http://www.CityofMilwaukie.org/Volunteer) or call Beth Ragel  
at (503) 786-7568 to find the  
perfect volunteer fit for you!

## BE PREPARED

When you are getting your 72-hour-emergency kits together, don't forget your pets will have needs in time of a disaster too!

Here are some tips to remember: If you can't take your pets to the shelter, leave them in a secure area in your home, NOT chained outside. Leave food and lots of water for them and make sure there is a sign on doors and windows to indicate the type and number of animals inside. Be sure the ID tags are up to date!

REFRESH FROM PAGE 1

**term, high-visibility improvements.**

The project's report and supporting documents are available on the City's website under the Planning Department page.

The City's Planning Department is selecting consultants for the project's next phase - drafting downtown code and plan amendments for adoption in the spring of 2014.

## Help weigh transportation project priorities

The City Council is encouraging residents to review the projects listed in its Transportation System Plan (TSP) and recommend (1) what the City's top priorities for funding should be, (2) if any of the existing projects should be reprioritized, and (3) if there are projects that need further study or concept planning.

The TSP is the City's long-term plan for making transportation improvements. The TSP addresses multiple modes of travel:

- **Pedestrian**
- **Bicycle**
- **Public Transit**
- **Freight**
- **Street Network**

It also identifies issues related to Neighborhood Traffic Management and Downtown Parking. By identifying and prioritizing transportation needs, the TSP guides the City's investments for improving the transportation system.

A public meeting will be held on Mon., June 3<sup>rd</sup>, from 6:30 to 8:30 p.m., at Milwaukie Christian Church (5197 SE King Rd.) to discuss TSP priorities.

A worksheet is available on the TSP Update project website to guide those interested through this evaluation process.

For more information visit; <http://tinyurl.com/d2glo3w>, and direct your comments and questions to Brett Kelter in the Planning Department, 503-786-7657, [kelterb@ci.milwaukie.or.us](mailto:kelterb@ci.milwaukie.or.us).

## Officer rescues 'kids' from King

Milwaukie Police Officer Crystal Hill assisted in rounding up two baby goats reported to be running amok in traffic near the 5100 block of SE King Road in Milwaukie on Saturday, May 19<sup>th</sup>.

The kids were herded into a nearby yard and taken into protective custody. A short time later the owners contacted police, saying they had acquired the new pets the previous day and had just discovered they escaped from their yard.

## Support the Library at the Book Sale, Book Booth, Book Store

The Friends of Ledding Library Annual Book Sale will be held June 21-22-23 from 9 a.m. to 4 p.m. at the Portland Waldorf School Gym, located at 2300 SE Harrison St.

As every year, there will be thousands of items up for sale and remarkably low prices: books for children/teens/adults on all subjects; CD's, DVD's, books-on-tape, videos, records, sheet music, collectibles and vintage books.

And as every year, there will be a raffle drawing for all kinds of prizes.

This is the Friends' biggest fund-raiser of the year, and all proceeds benefit the

library programs and special purchases.

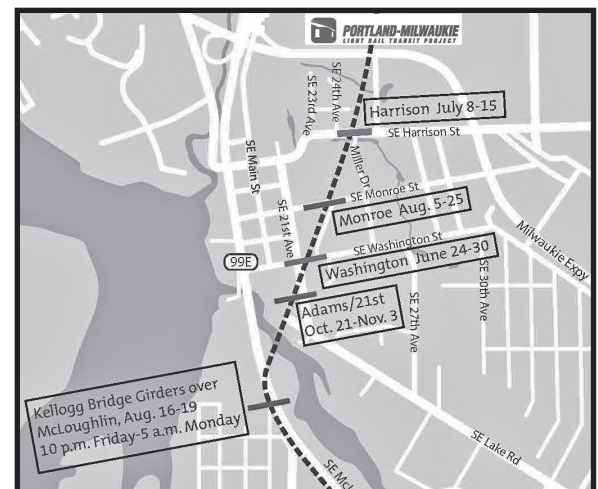

The Friends have also opened their Book Booth at the Milwaukie Farmers Sunday Market in their new location in the City Hall fire bay. Open rain or shine from 9:30-2:00 every Sunday.

The Pond House Book Store is also open every weekend on Fridays, Saturdays and Sundays from 11 a.m. to 4 p.m. to raise money for the Library. The shop at 2215 SE Harrison St. has a wide variety of items for sale, including hard cover newer releases and classics.

## Light rail work closes intersections

During summer and fall of 2013, a series of street and roadway closures will take place as crews work on light rail track crossings.

While the dates shown here are subject to change, weekly construction updates are posted on TriMet's project page [www.trimet.org/pm](http://www.trimet.org/pm). Those interested can also subscribe to receive updates via email. Additionally, community meetings focusing on project issues in Milwaukie are held every third Monday at 5:30 p.m. in the East Field Office, located at 2300 SE Beta St., Suite A.

## Scott Park Concert Series

For the 15<sup>th</sup> straight year, the Historic Milwaukie Neighborhood Association will host the Scott Park Concert Series every Wednesday at noon in the Ledding Library Amphitheater.

The concerts are funded in part by the City's Neighborhood Grant Program.

June 19<sup>th</sup> ~ Ellen Whyte Duo – Heart rockin' music  
June 26<sup>th</sup> ~ Scott White Duo – Cool blues  
July 3<sup>rd</sup> ~ Franco Paletta & The Stingers- Blues  
July 10<sup>th</sup> ~ Marydith Grant & Jon Haverly – Blues & Jazz  
July 17<sup>th</sup> ~ Kevin Selfe & The Tornados – High Energy Blues  
July 24<sup>th</sup> ~ Twisted Pick – Folk & Country  
July 31<sup>st</sup> ~ Kinzel & Hyde – Celtic & Folk

August 7<sup>th</sup> ~ Sky in the Road – Celtic & Folk  
August 14<sup>th</sup> ~ Kenny Lavitz Duo – Blues & Folk  
August 21<sup>st</sup> ~ Robbie Laws Trio – Local Guitar Master  
August 28<sup>th</sup> ~ Marion Carboni Duo – Honky Tonk

## artMob starts First Friday series

The Milwaukie Arts Committee, known as "artMOB," is hosting a speaker series in conjunction with Milwaukie's First Friday Art Walks Downtown.

The series runs through August with the goal of bringing together artists, musicians and arts supporters to network, envision a vibrant future for Milwaukie through arts and culture, and enjoy some strawberry shortcake!

The next event will be held Friday, June 7<sup>th</sup> 7:30 p.m. at Marla Baggetta Studio (1926 SE Scott St.) and the topic is "From Space to Place: The Art of Placemaking," presented by Keith Daly.

Keith Daly is the Membership &

Marketing Manager with Business for Culture & the Arts (BCA), an organization that has been connecting business to the arts throughout greater-Portland since 1986.

He will bring his extensive knowledge of how arts and business work together to create community identity and a sense of "place."

Please RSVP by Monday June 3<sup>rd</sup> to be entered into a drawing for a door prize. RSVP on Facebook or by emailing [info@artmob.net](mailto:info@artmob.net).

To find out more about artMOB and the series or to sign up for artMOB's newsletter, visit [www.artMOB.net](http://www.artMOB.net).

## The City Code Corner

Written by Tim Salyers, Code Compliance Coordinator

Keeping with last month's theme (check it out on-line on the City's website) it's still all about the numbers. This month, let's talk about the numbers 7 through 12.

750 dollars is the maximum fine for urinating in public

8 Feet clearance over the sidewalk for trees and shrubs

9.28.080 requires dogs to be on-leash when at a park (except in an off-leash area)

10 days is the amount of time typically given to remedy a violation

11 .04 is the chapter that handles special event permits

12 feet clearance over the street for trees and shrubs

## Get the latest at the booth

Voted Best Farmer's Market in Portland last year, the Market is not only a great source of produce—it's Milwaukie's living room. It's the place where people meet up, visit with each other and get the low-down on the latest Milwaukie news.

This is why, in the spring of 2005, one of Milwaukie's dedicated neighborhood volunteers had a great idea. He suggested the City help put together a community information booth to be featured at the Market. It seemed like the perfect venue for getting the word out about important City issues as well as a great way to encourage participation in Milwaukie's neighborhoods. And so, in 2006, the City rolled out the Community Booth and has been featuring at the Market it ever since. It was this innovative approach to community engagement that earned Milwaukie the League of Oregon City's "Good Governance Award" in 2006—which was proudly accepted by our Milwaukie resident, Dave Aschenbrenner, the neighborhood volunteer who came up with the idea.

Milwaukie's Community Booth features information about city and regional projects—both planned and underway. Come by and visit the booth on the 2<sup>nd</sup> and 4<sup>th</sup> Sundays of the month.

## Council intent on learning community values

"What would you say the two biggest issues facing Milwaukie?" "Which City services are most important to you?" "How satisfied are you with these services?" are just several of the questions a professional polling firm will be asking Milwaukie residents in early June.

The Council decided to commission the poll in order to get a better sense of resident satisfaction with City services and to better understand which services are most valued and should therefore be protected should budget and service cuts be made.

The effort marks the first scientific survey that's been conducted in Milwaukie in well over a decade and will provide a strong depiction of how our community feels on a wide-range of issues.

The public opinion research firm, DHM Research, will present Council its findings at the June 18<sup>th</sup> Regular Session meeting, at 7 p.m., in City Hall.

## You think roads are bad now?

*Written by Greg/Frank Hemer*

Since the beginning Milwaukie's roads have been a work in progress.

The streets were hazardous with stumps of harvested trees and bumps of smaller trees yet to be harvested. The streets were drawn on the town map, but it was more of a thoroughfare for pigs, cows, dust in the dry season, and mud in the wet season.

Since many of the residents resisted spending money on street improvements, walking after sunset required a lantern to avoid a broken neck from walking in the dark on the

streets. Also, you had to avoid the hogs and cattle wallowing in the mud or rubbing their bodies against buildings.

One brave lady in the mid 1850's, Mrs. Lewelling, created a petition that all horses, hogs, and cattle should be kept off the streets.

In the 1870's there was a social event that earned \$65 for the first sidewalks in Milwaukie, then in 1903 incorporation of the City created sewer lines and water mains.

So today, which is worse? Stumps? Farm animals? 7000ft of torn up street? Or a goose and a couple of flaggers?

## Grants submitted for Riverfront

This month the City will learn if it will be awarded grants that would build the next phases of Milwaukie Riverfront Park in the spring of 2014.

One grant was submitted to the Oregon Marine Board and would rebuild the boat launch, add a boarding float for the public to walk on for boats to tie up to, and build two parking lots for boat-tow

-vehicles and cars.

The second grant was submitted to the Oregon Parks and Recreation Department and would regrade the northern portion of the park, relocate the utility poles, construct a riverside pathway and install plants and a structure along the riverbank to prevent erosion and enhance fish habitat.

## Lewelling celebrates Public Works Week

In celebration of Public Works week and to raise awareness of the municipal services the City provides, crews visited Lewelling Elementary on May 21<sup>st</sup>.

## The Chief's Corner

*Written by Bob Jordan, Chief of Police*

With summer on the way more of us will be taking to a local river or a backyard pool. Before you dive in, take a moment to think about safety.

The United States Consumer Product Safety Commission reports that about 260 children under the age of 5 drown annually in swimming pools and spas. To prevent accidental drowning, ensure that the pool or spa is completely enclosed with fencing or other barriers that would keep out little ones. In addition, closely supervise children who are near water; knowing how to swim does not make a child drown-proof. Finally be prepared in the event of an emergency. Learn how to perform CPR and keep rescue equipment and a phone near the pool.

Taking these few precautions will enhance the safety of our little ones.

**E**ach Neighborhood Association has a Land Use Chair monitoring applications the City receives. To help track the process, these are upcoming Land Use/Development Review hearings. Dates are sub-

ject to change. Check the City's website for current information.

- June 11 - No Agenda Items at Time of Press
- June 25 - Stormwater Master Plan First Hearing

## LEWELLING

### NEXT MEETING INFORMATION:

WEDS., JUNE 12<sup>TH</sup>, 7 P.M.

LEWELLING ELEMENTARY

The Lewelling Neighborhood thanked Pepi Anderson for her service as Chair and elected Greg Deane as the group's next chair at its May meeting.

Pepi will continue her serviced as Secretary/Treasurer and Pual Klien will serve as Vice Chair and as Land Use Chair.

One of the central themes of the May meeting was the Neighborhood's concert series that's held in August at Ball-Michel Park, and the push that should be made to collect food for those in need at the events.

The idea is that those who attend will be encouraged to donate a can of food to help local food banks, and to raise the awareness of the hunger problem that is so prevalent right here in our own community.

## LINWOOD

### NEXT MEETING INFORMATION:

NO SUMMER MEETINGS

## LAKE ROAD

### NEXT MEETING INFORMATION:

WED., JUNE 12<sup>TH</sup>, ROWE JR. HIGH, 6:30 P.M.

WRITTEN BY DEBBY PATTEN, CHAIR

I was really happy to hear the Pilot would be printed again. I am not one who reads articles on the computer, so I am sure I have missed some great things while it's only been available on-line. Thank you to everyone who pushed to get it back in print...and for less cost than before!

Last month the Farmers Market started again on Mothers' Day. It's a super fun place to go and buy great veggies, listen to great music, get updated City information, make new friends, and see some old ones. Get out there next Sunday!

As for Lake Road NDA, we had officer elections last month and they all stayed the same. I would like to thank my fellow Officers, Vince Alvarez and Phil Favorite for their continued support and flexibility. I am a lucky Chair. Also thanks to Sue Richardson who was appointed our representative to the Public Safety Advisory Committee.

This month's meeting will be our last for the summer. JoAnn Herrigel will be giving us a presentation on the City's Sustainability Program. I hope to see you there, but if you can't make it, you can catch up with us in September.

## HISTORIC MILWAUKIE

### NEXT MEETING INFORMATION:

MON., JUNE 10<sup>TH</sup>, POND HOUSE, 6:30 P.M.

WRITTEN BY JEAN BAKER, CHAIR

Hurray for the new Pilot! Also, this is the time to say THANK YOU to Dion Shepard, the little engine that did, who was the spark plug in this group for many years, along with Ed Zumwalt and Ray Bryan.

Our planning work load has been and is still is massive! Residential zoning, downtown zoning and rezoning, trains covering light rail, coal and passenger trains with 60% more heavy rail trains due in coming in the next 20 years.

Before the City has finished it's update of the TSP, the City is applying for a grant to plan the Monroe Street Bike Greenway, which we generally support. Details to follow! We are requesting the City do a parking permit plan for Historic Milwaukie and Neighborhoods near the light rail line to be activated as the need arises, due mostly from the cars that are now invading neighborhoods and will increase once MAX comes to town.

We are also creating an Emergency Response team in the Neighborhood so that if something happens, we can connect with help, support, tools, information, whatever is needed to help us shelter-in-place in the face of any kind of a problem.

## HECTOR CAMPBELL

### NEXT MEETING INFORMATION:

**MON., JUNE 10, 7 P.M., PUBLIC SAFETY BUILDING**

**DAVE ASCHENBRENNER, CHAIR**

Spring is upon us here in Milwaukie and lots of things are happening. Some great things, some good things and some not so good things.

So let's start with the great. In May a group of nine seniors (photo) from Milwaukie High spent time at Homewood Park clearing ivy and other non-native plants.

They removed over 20 trash bags of the bad stuff and earned money for their grad night party. Thank to all that helped.

The good, the Campbell Community Garden is full of gardeners - some new some old - but all planting for themselves and for our community-sharing program.

The not so good. The grounds of

Campbell school is not a free run dog park.

If you walk your dog there it must be on a leash and you need to clean up any and all deposits the four-legged friends leave behind. Remember kids and families use the space to play, run and have picnics. So please do your part and take care of this resource of the community.

Other information: this summer the construction of the quiet zone improvements at 37th and Railroad Ave. will be taking place. More information to follow as to the dates.

Lastly, if you see something in the

Neighborhood that looks strange or out of place like cars or people, please call the police non-emergency number and report it. You do not need to give your name. The number is 503-786-7500. Watching out for our community is a responsibility for all of us.

Visit us on the web at [www.HectorCampbellNDA.org](http://www.HectorCampbellNDA.org) or [www.CampbellGarden.org](http://www.CampbellGarden.org).

## ISLAND STATION

### NEXT MEETING INFORMATION:

**MONDAY, JUNE 10<sup>TH</sup>, THE GRANGE, 6:30 P.M.**

**WRITTEN BY JO ANNE BIRD, CHAIR**

We have a change in our board. Karin Power was elected as Secretary, as Lisa Batey wanted to step down. We asked Lisa Batey to continue to send out her informational emails on a regular basis, or at least until she gets tired of it!

Anyone interested in participating in the Transportation System Plan (TSP) update should either contact me (ASAP) or come to the meeting on June 3, 5:30 p.m. at the Milwaukie Christian Church 5197 SE King Rd.

If you think we need any projects done in Island Station, this would be the time to speak up to prioritize them on the TSP.

TriMet have made some changes in their tree planting plan along the Trolley Trail. I would encourage everyone in Island Station to be aware of these changes, and advocate for putting back large trees in the areas where they removed them. As the plan stands now, they want to put back much smaller trees.

Our next meeting is Monday, June 10<sup>th</sup>, 6:30 at the Grange. If any Island Station resident or business owner has anything they want put on the agenda, please contact me.

## ➤ ARDENWALD/JOHNSON CREEK ◀

### NEXT MEETING INFORMATION:

**TUES., JUNE 11<sup>TH</sup>, ARDEN. ELEM., 6:30 P.M.**

**WRITTEN BY BRYAN DORR, SECRETARY**

The Balfour Street Park Plant Sale fund-raiser this past month added more funds towards the new park's master plan. Lisa Gunion-Rinker says the plant sales on April 28, and the "half-off" sale on May 5<sup>th</sup> raised a total of \$1,516.10 towards the future park master plan. The park needs to raise about \$10,000 for the master plan.

In addition to the fund-raiser plant sale, Lisa Gunion-Rinker also said the Ardenwald-Johnson Creek Neighborhood Association donated two-and-a-half pickup truck loads of plants to the Ledding Library Plant Sale. She also noted the Sustainability Tour in the works for weekend of Sept. 7<sup>th</sup>.

The Neighborhood Association Board elections took place at the regular Neighborhood meeting on May 14<sup>th</sup>. Jeff Davis has moved from Co-Chair to Chair, and Matt Rinker has moved from Co-Chair to Vice-Chair. Jon Holladay picked up the Transportation position and Betty Fulmore picks up at-large Position 1. Most other board members retained their position.

The final Tideman-Johnson Work Party for the winter-spring season is Saturday, June 1, from 9 a.m. to noon. A barbecue will follow the work party. All ages are welcome to participate in the park work party. The work party will pick back up in the fall. Be sure to check out our website at [www.Ardenwald.org](http://www.Ardenwald.org) and sign up for our email list.
