Mr. J. G. Boykin and Mr. Henry D. Leffingwell of the Coca Cola Bottling Company and the Canteen Company of Oregon respectively appeared before the Commission in connection with Ordinance No. 1355 which was scheduled to come up for second reading and final passage suggesting that that portion of the ordinance which affected vending machines be stricken from the ordinance especially the vending machines that handle candy bars and soft drinks. The Mayor advised them that when the ordinance came up the Commission would give their suggestions some consideration.

Mr. Jack Albright appeared before the Commission requesting that the Commission give some thought and consideration to establishing a comfort station in the down town district of the city. The Commission advised Mr. Albright that the matter had been brought up before and that an investigation in other towns showed that such stations had to be given up because of the expense and disrespect of a certain class of people to public property.

The following resolution was read and on motion adopted.
