The City Manager brought up the request of the Red Cross for identification cards issued under authority of Ordinance #1333 for all Red Cross cars without paying the prescribed fee. After some discussion the request was denied.

The City Manager was instructed to inform the Judge of the Recorder's Court that the fines levied for minor traffic violations were considered by the Commission to be too high.

The City Manager discussed with the Commission the progress being made on the Rivercrest sewers. The plans concerning the proposed addition to the City Hall were also discussed.

The Commission instructed the City Manager to have the Police watch trucks parking longer than allowed by ordinance especially over the weekends. Also to investigate the rumors of gambling and card games being conducted at some unknown address on Main Street or any place in the city.

The City Attorney was instructed to prepare and present to the Commission at the next regular meeting an ordinance prohibiting punch boards and similiar devices. Also to investigate the legality of punch boards.

The City Attorney and the City Manager were instructed to investigate the property built in 5th Street between Jackson & Van Buren, to secure the name of the owner, the names of the tenants and inform them that the structure would have to be removed from the street within a certain prescribed period which would give the tenants enough time to find other places to live.

There being no further business to come before the Commission, the meeting adjourned.
