The City Attorney opened the discussion on the recommended charter changes and the measure requesting funds for new equipment in the fire department that will be on the ballot of the special election to be held sometime in May. During the discussion it was decided that in the recommended change #1 the appointment of the municipal judge should be made by the commission and the recorder appointed by the city manager. In recommended change #2 the change would provide that at the November election in 1950 the candidate receiving the highest number of votes would be elected for a four year term and the candidate receiving the next highest number of votes would be elected for a two year term and at each general election thereafter when there are two commissioners to be elected the two receiving the highest number of votes would be elected to the commission. The measure on the fire equipment maintenance would provide \$28,000 per year for two years and \$7,000 a year thereafter and no funds would be asked for additional personnel at this time.

Upon motion it was decided to hold a special meeting at 4:30 o'clock p.m., Tuesday, April 26.

There being no further business the meeting adjourned.
