A letter was read from the Oregon City Civil Service Commission, addressed to City Manager Alfred Simonson, on the Emergency Employment Act of 1971. The letter stated that the Civil Service Commission recommended that the City not amend the Civil Service Ordinance for the convenience of the Emergency Employment Act. The Manager explained this Act to the Commission and stated that the only way the City can hire anyone under this Act is to amend the City Code. It was moved by Klemsen, seconded by Parrott, to continue the discussion on the recommendation of the Civil Service Commission and to have the Manager and the Attorney prepare an amendment to the Civil Service Ordinance that would allow the City to employ people under the Emergency Employment Act of 1971.

Ayes: Danielson, Klemsen, Parrott. Nays: None.

The Manager informed the Commission that he and the City Engineer had met with Mr. Jim Crom of Stevens, Thompson & Runyan, Inc. on federal funding for sewage plant expansion. This was continued for further study to allow the Manager more time to receive information on federal funding.

The Manager stated that the Oregon City Kiwanis Club has requested that their request to place a re-cycling station at the end of 15th Street and John Adams Street be continued. It was moved by Parrott, seconded by Klemsen, to continue the request of the Oregon City Kiwanis Club.

Ayes: Danielson, Klemsen, Parrott. Nays: None.

A letter was read from the Housing and Urban Development informing the City that they have received the resolution on flood insurance and stating the other items that the City must provide the Federal Government before the insurance can go into effect. This was continued for more information.

The Commission was informed that the City has received \$7,105 cigarette tax revenues for the last quarter and \$13,690 from the State Liquor Commission.

The Commission was presented an estimated cost on the fire at the Oregon City High School on November 1, 1971, with mutual aid of other departments. The total cost is estimated to be \$10,077.30.

City Engineer Jack Donahue reported on Sportcraft Landing that the City is proceeding with the parking area improvement of base rock and asphaltic pavement prior to the final approval of the Bureau of Outdoor Recreation. The City has received retroactive approval subject to final approval on this part of the project.

It was moved by Klemsen, seconded by Parrott, to authorize the Manager and the Engineer to continue with this phase of the Sportcraft Landing project.

Ayes: Danielson, Klemsen, Parrott. Nays: None.

There being no further business the meeting adjourned to November 17, 1971, at 7:00 P.M.
