A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected to find, and after a moment's hesitation, he turned it over, and found on the other side the matter intended for the reading.

The Chinese ask "how is your liver?" instead of "how do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels.

CERTIFICATE OF PUBLICATION.

An Ordinance Prescribing Manner of Connecting Sewerage or Drainage from Property Outside of Sewer Districts to the Public Sewers.

Oregon City does ordain as follows:

SECTION 1. Whenever a person or persons owning property, not included within the limits of any sewer district created in Oregon City desire to connect said property or means of drains or sewer pipes with the public sewer system in the adjoining district, they shall make written application for permission therefor to the City Recorder, specifying in said application the location, number and size of the lot or lots, the area to be drained and whether for house sewerage, drainage or otherwise, the distance to the nearest public sewer by a direct line from the center of said lot by the most direct course, together with his written consent that a said permission is granted, they comply with all the provisions of any ordinance or ordinances, rules and regulations creating and controlling the system in the sewer district with which they desire to connect.

SECTION 2. Upon receipt of application, the Recorder shall forthwith refer the same to the committee on streets and public property, who will ascertain if it is practicable to connect said property with sewers in said adjoining sewer district, and if so, they shall proceed to compute the charges to be made for the privilege, said charges to be regulated as follows: For each lot for which the privilege of drainage or sewerage is applied for, where the distance from the center of said lot to the nearest public sewer by the most direct route is 40 feet or less, a charge of \$10.00 shall be made; for every foot said distance exceeds 40 feet, a deduction of 24 cents per foot from said charge of \$10.00 shall be made, provided there shall be no charges less than \$2.00 per lot.

SECTION 3. When the committee has ascertained the charges for the desired privilege, it shall report the same to the Recorder, who, upon the payment of said amount by the applicant, shall issue a permit in duplicate granting said permission, said permit stating the number of lot, the distance from sewer, the amount charged for privilege and the point of the system and district where the connection is to be allowed; one copy of said permit shall be retained by the applicant, and the other, before any connection is made, shall be delivered to the city engineer, who at the expense of the applicant, shall superintend the connection of said sewer with the system of the sewer district in which the privilege has been granted and upon the completion of said connection, shall return the same to the Recorder with his endorsement of the time and place of connection.

SECTION 4. The Recorder shall enter up said permit in the books of City Claims immediately following the entered matter which relates to the system of that sewer district the permission to connect with has been granted, and he shall pay the amount collected for the privilege to the City Treasurer, who shall give said sewer district credit for the amount.

SECTION 5. It shall be unlawful for any person or persons to connect a private sewer from his property with a private sewer on any other property which is connected with the public sewers without first having made the foregoing application and paying the amount computed by the committee as the charge for said privilege; it shall also be unlawful to connect any lot or premises either directly or indirectly lying outside of the limits of a sewer district with any public sewer without first complying with the provisions of this ordinance.

SECTION 6. Any person or persons who shall violate the provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than \$100.00 or by imprisonment for not more than fifty days or by both such fine and imprisonment.
