FOR AGENDA

DATED

Subject: Front Avenue Improvement Project
Deeds of Dedication - Street right of way
Slope Easement - Street
Utility Easement - Power

Report No. 95-76

Transmitted herewith for Commission acceptance are two Deeds of Dedication, one Slope Easement, and one Utility Easement for the Front Street Improvement project. This project will provide a street upgrade to Front Avenue, in the Park Place Neighborhood, between Holcomb and La Rae. The project is partially funded by a Community Development Block Grant.

The Deeds of Dedication allow for the installation of curbs at the proper location for future curbs on the intersecting streets. One Deed is for the Northeast corner of Front Avenue and Rock Street. The other Deed is for the Southeast corner of Front Avenue and Cleveland Street.

The Slope Easement is for the area West of Front Avenue and North of Rock Street. This area slope down to the west, and the Slope Easement will provide support for the street improvement.

The Utility Easement is on the West side of Front Avenue at Cleveland. This Easement is to provide a location for two guy lines for a 3 legged power pole installation. PGE and the various utility companies are required to relocate their facilities out of the new street area. Because the City was in the area acquiring other easements and dedications, the City offered to facilitate the relocation by acquiring the easement.

It is recommended that the Mayor and City Recorder be authorized to execute and record this document.
