TOWN HALL, MILWAUKIE, OREGON, JUNE 3RD. 1926.

A special meeting of the Council of the Town of Milwaukie was held on the 3rd. day of June, 1926. Meeting called to order by Mayor Cowell. Present, Mayor Cowell, Councilmen Ramsey, Kerr, Grasle, Frey and Hazen, and Recorder Mathews. Mayor Cowell stated that the meeting was called for the purpose of considering an answer to the letter of the Oregon State Board of Health requesting the Council to state their intention in regard to the disposition of sewage from the Milwaukie sewer system. The following resolution was read and upon motion duly made and carried, the resolution was unanimously adopted as read:

"Whereas, The Oregon State Board of Health has requested the Mayor and Council of the Town of Milwaukie, Oregon to express their present intention in regard to future disposition of sewage for the said Town of Milwaukie.

BE IT RESOLVED that it is the present intention of the Mayor and

4-1926

Council of the Town of Milwaukie, Oregon, that the Town of Milwaukie, Oregon, shall employ any practical means in the disposal of its sewage, that shall be in general use by the Cities, Towns and private persons now disposing of their sewage in the Willamette River; and that the said Town of Milwaukie, Oregon shall join with other Cities, Towns and private persons in any practical plan to purify the Willamette River, by eliminating the dumping of untreated sewage therein.

BE IT FURTHER RESOLVED, That since the present character of the Willamette River, in regard to its impurity, is determined by the vast quantities of untreated sewage now deposited therein by Cities, Towns and private persons; and since a sewage treating plant for the small amount of sewage that is or can be deposited therein by the Town of Milwaukie, could serve no useful purpose, in that such a plant would not change the character of the river to any appreciable extent; that it is not the intention of the Town of Milwaukie, Oregon to install any sewage treating plant, until the other Cities, Towns and private persons, now depositing untreated sewage in the Willamette River, are will and able to take similar steps.

BE IT FURTHER RESOLVED, That all sewers within the Town of Milwaukie, Oregon be so constructed that should any general steps for the purification of the Willamette River be taken; that a treating plant can be installed at a minimum expense and with slight interference with all sewers systems previously constructed.

BE IT FUTHER RESOLVED, That the sewer system now being installed within the Town of Milwaukie, Oregon id of such nature that a treating plant can be installed therein with practically no expense except the actual cost of such a plant and without in any way interfering with the present system.

BE IT FURTHER RESOLVED, That a copy of this resolution be forthwith mailed to the Oregon State Board of Health at its office in the medical Arts Bldg. Portland, Oregon.

Upon motion duly made and carried, Mr. Counsell was authorized to spread sand all streets that needs it. Upon motion duly made and carried, the Council adjourned.

D. P. Mathews
Recorder.

TOWN HALL, MILWAUKIE, OREGON, JUNE 8TH. 1926.

The two hundred ninety first regular meeting of the Council of the Town of Milwaukie was held on the 8th. day of June, 1926.

Meeting called to order by Mayor Cowell. Present, Mayor Cowell, Councilmen Ramsey, Kerr, Grasle, Frey and Hazen, Recorder Mathews and Marshal Keck. The minutes of the two hundred ninetieth regular meeting of the Council held on the 11th day of May, 1926, and the minutes of the adjourned meeting of the two hundred ninetieth regular meeting of the Council held on the 25th. day of May, 1926, also the minutes of the special meetings of the Council held on the 28th day of May, 1926, and on the 3rd. day of June, 1926, were read and approved as read. The following resolution was read and unanimously adopted by the Council as read:

S-1926

WHEREAS, the Town of Milwaukie, Oregon, is now engaged in the construction of a sewer system serving a part of the area embraced within said town, and the Oregon State Board of Health has requested the said town of Milwaukie, acting through its proper authorities, to express its intention with regard to the present and future disposition of sewage flowing through the said proposed system and any additions thereto.

THEREFORE, BE IT RESOLVED, that while it is the purpose of the town of Milwaukie for the time being to discharge the sewage from its said system into the Willamette River in an untreated condition, it is likewise the desire and the intention of the Town of Milwaukie to join in any general plan to stop the discharge of untreated sewage into the Willamette River and the town of Milwaukie will join and cooperate with the Oregon State Board of Health and other municipalities in this state in the execution of any practical plan to purify the Willamette River by eliminating the discharge of untreated sewage therein.

BE IT FURTHER RESOLVED, That a copy of this resolution be forthwith mailed to the Oregon State Board of Health at its office in the Medical Arts Bldg. Portland, Oregon.

A petition for the construction of a sewer on 27th. and 28th Streets and Lake Road between 27th and 28th. Streets, was read and upon motion duly made and carried, the City Engineer was instructed to prepare plans and specifications for the construction the sewer as petitioned for and estimates of the work to be done and the probable cost thereof. Upon motion duly made and carried, the Mayor was instructed to get an opinion from Atty. A. F. Clark as to validity of the contract between the Town of Milwaukie and F. Glover for furnishing Mr. Glover with bull run water.
