5.0 Public Hearings

5.1 Summary

The purpose of the meeting is for the Planning Commission and Planning Department to formally meet each other.

Below are the introductions:

- **Leila Aman** oversees the Community Development Department which includes two staff people, a Development Project Manager and Housing and Economic Development Assistant. She also is the Director of the Building Department, which includes a Permit Technician, Plans Examiner, and Building Official. Lastly, the Planning Department is under her leadership, which includes a Planning Manager, Senior Planner, Associate Planner, and two Assistant Planners. Mrs. Aman's background is in Urban Redevelopment and she has spent most of her career in the public sector. Mrs. Aman has been with the City of Milwaukie for a little over three years.
- **Chair Robert Massey** has been on the Planning Commission for a year and a half. He joined the Commission because he believed land use decisions are often the most important decisions that the city must make. He is passionate about sustainable solutions, such as affordable housing, economic development, and environmental protection. Professionally, he was a naval officer and worked in the corporate sector. He has lived in Milwaukie for five years.
- **Commissioner Greg Hemer** has lived in Milwaukie for 23 years and has been a very involved resident. He has worked on a downtown parking initiative, the Citizen Advisory Committee with the light rail, and currently, serves on the board of Milwaukie Environmental Stewards and Clackamas County Historical Council. He is also very active in the Linwood Neighborhood District Association (Linwood NDA). Lastly, he and his wife own Hemer Helping Hands, which is a cleaning services business. He was 2018 Milwaukie volunteer of the year and joined the Planning Commission years ago because he believes in community.
- **Commissioner Joseph Edge** is a software engineer and volunteers for a variety of commissions and committees, such as the McLoughlin Area Plan Implementation Team, the Chair of the Oak River Community Council, and the Chair of the North Clackamas Watersheds Council. His interests are the intersection of land use and transportation initiatives. He joined the Planning Commission because he was inspired by the 2017 vision statement and wanted to help the City implement the Comprehensive Plan. He grew up in the Oak Grove area and went to Milwaukie Junior High.
- **Vice Chair Lauren Loosveldt** has lived in Milwaukie for eight years. She appreciates the community and moved near the light rail because she was excited for the project. She is an architect by trade. Previously, she was an Interior Designer and a Sustainable Building Advisor. She was Chair and Vice Chair of the Design and Landmarks Committee for about three years. Her key goals are related to sustainability, affordable housing, and housing the houseless.
- **Commissioner Amy Erdt** was an Accounts Receivable Analyst for five years for a surgeon and worked for 10 years in emotional and behavior health. She grew up in Clackamas County and moved to Milwaukie in 2012 or 2013. She selected Milwaukie because it is the best, her family connections, and there are so many passionate and caring community members here. She

does a lot of online design work and is active on social media.

Commissioner Erdt oversees the Milwaukie ChitChat group on Facebook. It is a community group that was started five years ago. The group has 7,000 active residents of Milwaukie participating. She was drawn to the Planning Commission because of its connections to the past and future, transportation, environmental health, and she wants to learn more about the code.

- **Commissioner Adam Khosrobadi** was appointed in August. He works at Portland State University as a Football Coach. He served in the United States Marine Corps, and served in Iraq in 2004. He joined the Commission because he wanted to get involved in his new city. Him and his wife moved to Milwaukie in September 2019. As a veteran, he is passionate about houseless veterans and homelessness in general. He believes the Planning Commission plays a key role in affordable housing because they deal with so many housing developments. He is also passionate about economic development and has a small business. He believes in the importance of listening and hearing people out. He is a member of the Linwood NDA, Advisory Council for Clackamas County, and was a former Linwood NDA representative before joining the Commission.
- **Commissioner Jacob Sherman** has a professional background in government, academia, and non-profits. Currently, he works for City of Portland and has worked on state policies regarding autonomous vehicles, scooters, and other transportation initiatives. He joined the Commission in August. He has lived in Milwaukie for the last 2.5 years. He is interested in the Commission because the power of this body with the variances they are offering, parking modifications being granted, and the legislative decisions they are helping inform with the goal of implementing the Community's vision.
- **Laura Weigel** is the Planning Manager. Before her current role, she worked for the City of Hillsboro for six years as the Long-Range Planner Manager. She updated the Comprehensive Plan, worked on their Transportation Plan, and concept planning. Prior to that, she was a Planner for the City of Lake Oswego for six years. Her assignments included the Comprehensive and Transportation Plans. She enjoys working on Comprehensive Planning and with all the various parties involved in creating, completing, and implementing the plan. It gives her a vision about who a city wants to be. She looks forward to engaging with Milwaukie's Comprehensive Plan. She is excited to work for the City of Milwaukie because of the work the City has done over the years on climate and transportation.
- **Janine Gates** was born and raised in Portland. Janine served on a non-profit board with Mrs. Aman who advised her to take a development course while obtaining her Masters in Urban and Regional Planning (MURP). She graduated in June and decided to continue with the Master's in Real Estate Development program. Janine is interested in the intersection of development and planning. She has a passion for small cities and the ability to be a Jill or Jack of all trades. She shared it was too soon to state a key goal or issue of hers, but one goal is to listen and understand how she can be the best servant for the residents of Milwaukie.
- **Mary Herberling** is also an Assistant Planner. She graduated with her Master's of Urban and Regional Planning in 2016 and started working in her current role. She was one of the main assistants working on the Milwaukie Vision and the Comprehensive Plan update. She will be assisting Ms. Kolas with the

implementation of the Comprehensive Plan. She is also assisting Mr. Kelter on transportation plan that is coming forward in the near future. She does development reviews and will continue to present future developments to the Planning Commission.

- **Vera Kolas** has been with the City for 6 ½ years and has been in Oregon for 7. She moved from Massachusetts. She has been a planner in the public sector since 1998. Most of her work at the City is current planning and she has presented many development reviews and projects before the Planning Commission. Her work has included economic development and long-range planning. Moving forward, most of her work will focus on the implementation of the Comprehensive Plan with an initial focus on housing, parking, and tree code
- **Brett Kelter** started with the City as an Assistant Planner in 2005. He moved to Oregon in 1997 from central Kentucky to study Community and Regional Planning at the University of Oregon. He enjoys working for the City because of the people and the ability to get to know everyone. Some of his projects includes current planning, the staff liaison to the Design Landmarks Committee, updating the Transportation System Plan, Neighborhood Greenways, and Central Milwaukie Bikeways. He looks forward to working with the new Commission and Planning Team and ensuring we all are on the same page, delivering the same messages to land use applicants, and helping the applicants to the best of our knowledge.
- **Justin Gericke** is the City Attorney and has been here for 2 years. Moved to Oregon in 1994 for law school at Lewis and Clark. For 24 years or so, he has represented 38 or 40 different governmental entities around the state. He works closely with the Planning staff as they prepare to bring applications for review to the Planning Commission. He makes sure the Planning Commissioners are following the rules. His door is always open for any Planning Commissioner or staff.

6.0 Planning Department Other Business/Updates

There were no updates.

7.0 Planning Commission Committee Updates and Discussion

Commissioner Hemer attended his second meeting for the City Hall Blue Ribbon Committee. They discussed the standards if they must sell the building. They are moving forward and the next thing they will discuss is real estate evaluation.

Commissioner Edge attended the second Comprehensive Plan Implementation Committee (CPIC). This was an opportunity to meet the consultants on the project and discuss phase 1 implementation of the project. Housing, tree, and parking codes are priorities based on Council's direction. The city host public meetings, web surveys, and other public engagement activities.

- **Ms. Kolas** shared that the purpose of the meeting was to explain the field of planning and our current code. This will allow the committee to be prepared for future conversations about the code and how it applies to policies regarding housing, House Bill 2001, tree, and parking codes.
- **Commissioner Sherman** is interested in learning more and asked about attending.

- **Mr. Gericke** said Planning Commissioners can attend (although and must be aware that if there is a quorum the meeting is subject to public meeting laws).
- The Committee agreed for other Commissioners to attend as long as there is not a quorum.

Commissioner Hemer shared that on October 8th via Zoom the NDAs are hosting a candidate forum for those who are running for City Council. Individuals can also view the forum on Channel 30, Willamette Falls tv channel, and Milwaukie cable channel access.

Milwaukie Planning Commission Statement

The Planning Commission serves as an advisory body to, and a resource for, the City Council in land use matters. In this capacity, the mission of the Planning Commission is to articulate the Community's values and commitment to socially and environmentally responsible uses of its resources as reflected in the Comprehensive Plan

1. **PROCEDURAL MATTERS.** If you wish to register to provide spoken comment at this meeting or for background information on agenda items please send an email to planning@milwaukieoregon.gov.
2. **PLANNING COMMISSION and CITY COUNCIL MINUTES.** City Council and Planning Commission minutes can be found on the City website at www.milwaukieoregon.gov/meetings.
3. **FORECAST FOR FUTURE MEETINGS.** These items are tentatively scheduled but may be rescheduled prior to the meeting date. Please contact staff with any questions you may have.
4. **TIME LIMIT POLICY.** The Commission intends to end each meeting by 10:00pm. The Planning Commission will pause discussion of agenda items at 9:45pm to discuss whether to continue the agenda item to a future date or finish the agenda item.

Public Hearing Procedure

Those who wish to testify should come to the front podium, state his or her name and address for the record, and remain at the podium until the Chairperson has asked if there are any questions from the Commissioners.

1. **STAFF REPORT.** Each hearing starts with a brief review of the staff report by staff. The report lists the criteria for the land use action being considered, as well as a recommended decision with reasons for that recommendation.
2. **CORRESPONDENCE.** Staff will report any verbal or written correspondence that has been received since the Commission was presented with its meeting packet.
3. **APPLICANT'S PRESENTATION.**
4. **PUBLIC TESTIMONY IN SUPPORT.** Testimony from those in favor of the application.

7. **QUESTIONS FROM COMMISSIONERS.** The commission will have the opportunity to ask for clarification from staff, the applicant, or those who have already testified.
8. **REBUTTAL TESTIMONY FROM APPLICANT.** After all public testimony, the commission will take rebuttal testimony from the applicant.
9. **CLOSING OF PUBLIC HEARING.** The Chairperson will close the public portion of the hearing. The Commission will then enter into deliberation. From this point in the hearing the Commission will not receive any additional testimony from the audience but may ask questions of anyone who has testified.
10. **COMMISSION DISCUSSION AND ACTION.** It is the Commission's intention to make a decision this evening on each issue on the agenda. Planning Commission decisions may be appealed to the City Council. If you wish to appeal a decision, please contact the Planning Department for information on the procedures and fees involved.
11. **MEETING CONTINUANCE.** Prior to the close of the first public hearing, any person may request an opportunity to present additional information at another time. If there is such a request, the Planning Commission will either continue the public hearing to a date certain or leave the record open for at least seven days for additional written evidence, argument, or testimony. The Planning Commission may ask the applicant to consider granting an extension of the 120-day time period for making a decision if a delay in making a decision could impact the ability of the City to take final action on the application, including resolution of all local appeals.

2.0 Information Items

Chair Massey stated that **Commissioner Burns** was leaving the Planning Commission and welcomed **Commissioner Erdt**.

Denny Egner, Planning Director, stated that the City Council would deliberate about the Comprehensive Plan at a special session on Tuesday, June 30. He said that the Comprehensive Plan might be ready for adoption in July.

3.0 Audience Participation

No public testimony not related to the night's hearing was submitted.

4.0 Public Hearing

Summary: 32nd Ave Mixed-Use Building
Applicant: Valerie Hunter
Address: 9391 SE 32nd Ave
File: VR-2019-013
Staff: Senior Planner Vera Kolias

Chair Massey opened the hearing and read the conduct of quasi-judicial hearing format into the record. He asked if any commissioner wished to declare any bias, ex parte contact, or conflict of interest. None of the commissioners reported any such conflicts.

Vera Kalias, Senior Planner, and Dalton Vodden, Associate Engineer, presented the staff report via PowerPoint including the following main points:

- The site was approximately .25 acres, currently vacant, and located at the corner of 32nd Ave and Olsen St. It was zoned Neighborhood Mixed Use (NMU), which permitted mixed use buildings, including commercial use and multifamily development.
- The applicant, Valerie Hunter, proposed a 4-story mixed use building at the site including 3 ground floor commercial spaces facing 32nd Ave, 21 dwelling units composed of 20 one-bedroom units, and one five-bedroom unit on the 4th floor, as well as 17 covered parking spaces accessed from Olsen St.
- The proposal required a variety of land use approvals including a height variance to allow a 48ft four-story building, an access width variance to allow a 22ft wide driveway, a parking modification to allow 17 off-street parking spaces, and a development review process modification to allow modification to the access spacing standard for the driveway access parking area.
- The approval criteria that the project needed to meet for the Parking Modification and Variance Request included an alternatives analysis that included analysis of the impacts and benefits of the variance proposal demonstrating that the proposed design:
 - Avoided or minimized impacts to surrounding properties
 - Had desirable public benefits
 - Responded to the existing built or natural environment in a creative and sensitive manner,
 - Mitigated impacts from the proposed variance to the extent practicable;
 - Created no adverse effect on existing on-street parking; and
 - Reduction in expected vehicle use due to transit availability
- Key Issues presented:
 - Would approval of variances result in any negative impacts?
 - Have they been mitigated?
 - Is the requested reduction in required off-street parking reasonable?
 - Would it result in significant neighborhood impacts?
 - Does the Transportation Impact Study adequately address potential traffic impacts resulting from the project?
 - Have impacts been mitigated?
- Height Variance –
 - The maximum building height for the NMU zone was 45ft or 3 stories, whichever is less. The variance requested would allow four stories at 48ft as measured in accordance with the Milwaukie Municipal Code (MMC), while the actual building height would be 50ft and 1 inch.
 - The proposed fourth story would include one large dwelling unit. The abutting property to the north was a one-story house while the abutting property to the west was a two-story house.
 - All comments submitted oppose the height variance;

- The application materials focused on benefits of the additional story for a single, large apartment,
 - The application materials provided limited analysis of public health benefits
- Accessway Variance
 - MMC section 12.16.040 governed sizes of accessways and for select multifamily dwellings.
 - Off-street car parks with more than 16 spaces required a minimum driveway width of 24ft and max of 30ft.
 - The applicant proposed a slightly-undersized 22ft driveway.
 - The minimum distance allowed from the intersection is 100ft.
 - The applicant proposed placing the driveway 51ft from the intersection.
 - Neither staff nor the city's consultant objected to either request.
- Parking Reduction Modification
 - Per the MMC, 21 parking spaces were the minimum number required for this proposal.
 - The applicant proposed 17 parking spaces with 5 new on-street spaces.
 - Public comments oppose the reduction due to current lack of available on-street parking.
 - The application did not address impacts to existing on-street parking or mitigation efforts such as car or e-bike sharing
- Transportation Impact Study (TIS) findings and recommendations –
 - Engineering staff and traffic consultant DKS Associates reviewed daily traffic trip count estimated from a 2018 study factoring in a 2% annual increase.
 - Current traffic counts were deemed inappropriate for use due to the ongoing pandemic
 - The TIS found that new trips were not likely to result in a greater increase of traffic at adjacent intersections.
 - The applicant had not submitted required information about the number of daily new trips generated by the proposed development.
 - The TIS was found largely acceptable by city Engineering staff and DKS Associates.
- A significant number of comments were received in opposition to the development due to the requested reduction in parking, lack of available parking in the neighborhood, the height of the building, its incompatibility with surrounding development, and increased traffic that might result. Many of the comments expressed support of the site being redeveloped to enhance the neighborhood.
- City staff requested that the Planning Commission provide direction to staff regarding findings and continue the hearing to July 14, 2020 so staff could prepare findings.

Commissioner Hemer verified with Ms. Kolas that the Milwaukie Municipal Code (MMC) does not have standards on compact parking. The MMC requires all parking spaces to be non-compact.

Chair Massey verified with Ms. Kolas that there is currently no on-street parking on 32nd currently in front of property.

Vice Chair Loosveldt asked how the Traffic Impact Study (TIS) is deemed complete.

Mr. Vodden explained that DKS was hired as a traffic consultant. DKS generated a checklist of required information that the applicant was required to submit in their scope of the TIS. Artificially low vehicle trips were reported due to the current pandemic. Traffic counts were used from 2018 with an added annual increase of 2% which is a standard used among traffic consultants throughout the nation.

Chair Massey asked Ms. Kolas to discuss a petition on change.org including 49 citizen signatures submitted to the public record in opposition to the project variances.

Ms. Kolas indicated that the comments were posted on the application webpage.

Applicant's Testimony

Mildred White, BAM Architecture, Applicant's Representative, shared a presentation of the proposed building development and the existing surrounding area which detailed a view of Olsen St, 32nd Ave, the property lines for the project, a residence to the west, an existing commercial building with a market, and a graphic showing the height variance in relation to the 4th story deck and setbacks. The following slides presented how the referenced areas could be fully built out to code, a line of sight study from multiple views on the 4th floor proposed development, a shadow study from 9am and 3pm, and building construction layout including proposed parking, commercial, 1-bedroom loft, and 5 bedroom unit spaces.

Valerie Hunter, Applicant, testified about her involvement in the Milwaukie community and her eagerness to develop in Milwaukie.

John Raplinger, Clemow and Associates, Applicant's Representative, testified that through working with City of Milwaukie staff and using 2018 traffic study numbers, crash history analysis, and AM/PM peak hours, he had determined traffic operations were acceptable.

Commissioner Hemer and **Vice Chair Loosveldt** clarified roof, height, and parking details with the applicant's representatives.

Public Testimony

The following Milwaukie residents expressed support for development at the site while opposing this specific proposal: **Matt Rinker, Lisa Rinker, Christina Harris, Josh Troelstrup, Rita Lynn, Jacob Sherman, Peter Foss, Celestina DiMauro, "Anthony" representing Cheryl's Canine Styling, Cheryl Sargent, Robert Schomp, Chris Holle-Bailey, Charlie Olson, Erik Yourshaw, Rene Moog, Erin Jansen, Ronelle Coburn, Roberto Gutierrez, and "MC Johnson" read by Planning Director Denny Egner.**

Mr. Egner and **Ms. Kolas** also read correspondence in opposition to this project from "MC Johnson" and Ivan Landau respectively.

Planning Commission Deliberation

Commissioner Edge moved to extend the meeting no later than 10:10. Commissioner Loosveldt seconded the motion, and all other commissioners were in favor. Commissioner Edge also clarified with Steve Adams, City Engineer, whether there is an option to exchange or negotiate scenarios with the applicant, and if additional time is necessary for Planning Commission review. Ms Hunter answered and was willing to negotiate scenarios with city staff and the commissioners.

Chair Massey moved to approve or disapprove the hearing.

Commissioner Hemer suggested that the Ardenwald Neighborhood District Association (NDA) and the applicant meet before the next Planning Commission meeting.

Commissioner Loosveldt suggested additional review between the applicant and the community and reconsidering the 4th floor in the proposed development.

Commissioner Burns, Commissioner Erdt, and Chair Massey agreed with Commissioner Loosveldt, which echoed a recommendation for additional review between the applicant and community.

Ms. Hunter agreed to meet with the Ardenwald NDA and expressed her desire to live and develop in Milwaukie.

At 10:15 p.m. no path for approval was agreed upon by the Commissioners and a motion was made to continue the hearing to July 28, 2020 and to keep the public comment opportunity open. All Commissioners were in favor.

Chair Massey and **Denny Egner** suggest it would be necessary to have a revised proposal that results from a neighborhood meeting.

3.0 Information Items

Mr. Egner shared Council will most likely adopt the Comprehensive Plan next Tuesday. He also talked about the application process for hiring a new Planning Manager and the Oregon Chapter of the American Planning Association conference. If members are interested, they should contact Mr. Egner.

4.0 Audience Participation

5.0 Public Hearings

- 5.1** Summary: Milwaukie/ El Puente Elementary Parking
Applicant: Leif Palmer, North Clackamas School District
Address: 11250 SE 27th Ave
File: CSU-2020-005
Staff: Vera Kolias, Senior Planner

Chair Massey opened the hearing and read the conduct of quasi-judicial hearing format into the record. He asked if any commissioner wished to declare any bias, ex parte contact, or conflict of interest. None of the commissioners reported any such conflicts.

Vera Kolias, Senior Planner, presented the staff report via PowerPoint. She noted the following main points:

- The applicant would like to expand the parking lot by adding 18 stalls for a total of 59 parking spaces, relocate the trash to a more convenient place for pick up, and build a new futsal court.
- Two key issues were identified by staff: the maximum parking is 50 and they are seeking 9 more parking spots. 1) Does the exceeding maximum off-street parking meet the approval criteria and 2) How are the impacts of the proposal being mitigated?
- It is important to note that there is not another option regarding on-street parking due to no parking and/or loading signs on the street.
- The futsal court is supported by the community and they have raised money for it. The expansion of the court is to provide more play area for the students, which staff wondered about.
- Staff recommended the Planning Commission approve the application as proposed and gave other decision-making options.

Applicant's Testimony

- **Sina Meier, Project Architect** is with Opsis Architecture. Also, on the line was their civil engineer and community members who belonged to the parent teacher organization of the school.
- The project will provide new basketball hoops under a covered area. Also, the futsal court is planned for an area currently filled with bark dust and metal, which has been deemed unsafe.

Attendees' Testimony

- **Ben Johnson** lives in the back of the school and agrees that the lack of parking is an issue. He shared, teachers and others were parking on the streets, which was a problem for people who lived in the neighborhood. The neighborhood lacked open space and the planned new field is a great community resource.
- **Kelly Sullivan** lives a few blocks behind the school. She submitted a letter in support of the futsal court and assisted with fund raising.

Planning Commission Deliberation

The Commission agreed with the statements heard above. After voting, the Commissioners discussed the importance of offering electrical charging stations.

Commissioner Sherman mentioned that the applicant could have had a greater public benefit by offering an electrical vehicle charging station.

Mr. Egner believed staff could bring this up and prepare applications to provide a better range of benefits. This could be discussed during pre-app appointments.

Commissioner Hemer agreed with Mr. Egner and recommended that Planning staff look through the climate action plan and ensure we are accomplishing our goals.

Commissioner Edge shared that the City recently adopted new policies (the Comprehensive Plan) and it will be implemented soon. Once, that happens, they will review applications based on the new criteria.

Commissioner Hemer moved to approve the application with the conditions listed in the staff report. Commissioner Edge seconded the motion. The Planning Commission voted 6-0 in favor of the motion.
