

CITY COUNCIL MEETING  
 March 27, 1978  
 7:15 p.m.

COUNCIL CHAMBERSWORK SESSION

A work session of the Milwaukie City Council was held on the 27th day of March, 1978, commencing at 7:15 p.m., to discuss the Economic Report and Community Survey in light of existing and needed City Council policy positions, with the following councilpersons present:

Mayor Bill E. Hupp  
 Jerry Hutchison

Joy Burgess  
 Allen Manuel

Absent:

Charles Swan

Also present:

Harold L. Schilling, City Manager  
 Members of the press

After considerable discussion the following position statements received consensus support:

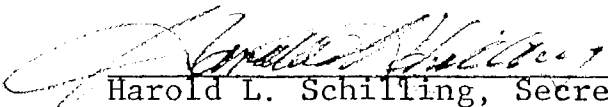

1. That the primary urban service/city growth boundary would include those extraterritorial areas depicted in Figure 6, Alternative "C" of the December, 1977, Draft Comprehensive Plan.
2. That the secondary urban service/city growth boundary would encompass the additional areas depicted in Figure 7, Alternative "D" of the Draft Plan except that annexations of areas shown in Alternative "D" but not in Alternative "C" would be contingent upon the city's first obtaining annexation of the Alternative "C" areas.
3. That all future comprehensive planning decisions be tested against the Lord and LeBlanc Economic Report.
4. That the Council will consider at a future meeting creation of a street and storm sewer study committee.

Manager informed the Council that a meeting was being planned to brief downtown businessmen on results of the Community Survey and findings and recommendations of the Economic Report.

Meeting was adjourned at 9:35 p.m.
