

# CITY OF MILWAUKIE

TRAFFIC REGULATION NO.: 516

DATED: 6/20/2023

As provided in the City of Milwaukie Municipal Code Chapter 10.08 Section 020, and having based my determination only upon:

- a. Traffic engineering principles and traffic investigations;
- b. Standards, limitation and rules promulgated by the State Highway Commission;
- c. Other recognized traffic control standards;
- d. Required needs.

### General Description of Regulation:

Installation of an "All-Way Stop" sign-controlled intersection at Monroe Street at 40<sup>th</sup> Avenue

### General Location:

The intersection of Monroe Street and 40<sup>th</sup> Avenue

### Need for Traffic Regulation:

Monroe Street traffic does not stop at the current two-way intersection however accidents or near accidents have been reported in this area as vehicles traveling north and south bound on 40<sup>th</sup> Avenue are having trouble seeing cars travelling along Monroe Street due to the grade. The installation of an all-way stop at this intersection would allow for drivers travelling along 40<sup>th</sup> Avenue, to safely make turns onto Monroe Street. Making this an all-way stop is also recommended by Kittelson and Associates, the city's on-call traffic engineer, based on their review of data and site visit.

### Description for New Traffic Control Measure(s):

Install two stop signs, stop bars, and appropriate new traffic change warnings at the intersection of Monroe Street and 40<sup>th</sup> Avenue (currently a two-way stop)

Steve Adams, City Engineer

TRG Author

6/15/2023

Date

I hereby establish the following traffic regulation, a stop-controlled approach and establishing the attached map identifying parking restrictions, which will take effect as soon as appropriate signs or markings are posted in the areas affected.

 \_\_\_\_\_  
Ann Ober, City Manager

This regulation has been recorded by the Office of the City Recorder (OCR).

- cc:  City of Milwaukie Engineering       City of Milwaukie Parking Enforcement  
 City of Milwaukie Police                       City of Milwaukie Operations and Sign Shop  
 Clackamas County Fire Dept.

Permanent    Temporary   Expiration Date: \_\_\_\_\_

Does this regulation replace or repeal a previous regulation?   If so, which TRG #s? \_\_\_\_\_

Install stop signs and stop bars at this intersection to make the two-way into an all-way stop. Install 4 "all way" signs along with the stop signs. Install new traffic change warning signage.
