## Staff Report

File Number: PC 13-018

**Agenda Date:** 3/11/2013

**Status:** Agenda Ready

**To:** Planning Commission

**Agenda #:** 2a.

**From:** Community Development Director Tony Konkol

**File Type:** Land Use Item

### **SUBJECT:**

Transportation System Plan Update (Ordinance 13-1002 and 13-1003)

### **RECOMMENDED ACTION (Motion):**

This is a work session presentation, no action is required.

### **BACKGROUND:**

The Transportation System Plan (TSP) provides a long term guide for transportation investments into an equitable and efficient transportation system. Over the past year, we have been working to evaluate the current transportation system and outline policies and projects to protect and enhance the quality of life in Oregon City through 2035. Approximately 360 potential transportation improvements were identified totaling an estimated \$221 million. With approximately \$73 million worth of investments reasonably expected to be funded, approval criteria created by the public identified the transportation improvements which best reflect our community goals and are anticipated to be constructed by 2035. The transportation improvements are displayed on a series of maps in the draft document.

A second Planning Commission work session will be held on March 18, 2013 to present the proposed amendments to the Oregon City Municipal Code associated with this project and the first Planning Commission hearing will be on March 25, 2013.
